SUMMARY

I am currently pursuing a Bachelor of Technology in Computer Science Engineering (Core) from SRM University. I have a strong interest in Full Stack Web Development and am actively developing my skills in both front-end and back-end technologies. I am keen to apply my academic knowledge and technical skills in a professional environment, contribute to real-world projects, and gain hands-on industry experience while continuously learning and growing as a software engineer.

Adamas International School - Kolkata, WB

Primary Education, 2011
IP Memorial School - Howrah, WB

CERTIFICATIONS

- NPTEL Java

PROJECTS

- **ZONEZERO**
ZoneZero is an interactive web platform designed to raise disaster awareness through real-time weather alerts, risk-level indicators, and gamified quizzes.
- **Personal Portfolio Website**
A professional portfolio website built to showcase skills, projects, and experience using modern web technologies.
- **Mini CRM – Client Lead Management System**
This is a full stack web application developed to help businesses manage incoming client leads efficiently. It simulates how real-world agencies, freelancers, and startups store, track, and convert potential clients through an internal admin dashboard.
